**Subject:** Allied Areas

Michael, here are the rough areas:

OU-1 = 89 acres

MMLC Property = 3.5 acres based on future land use drawing

Panelyte Property = 16 acres, includes marsh and Property not part of OU-1 based on future land use drawing

Panelyte Marsh = 0.9 acres

Monarch = 6.9 acres, may be ½ available depending on potential relocation of channel.

Landfill = 45 acres

These estimates were determine by scaling properties that may potentially be available for development as depicted on the future land use drawing. They vary from the FS in certain cases due to property boundaries and topographic features.

JK
